

Sphere™ Wireless Lighting Control System

Who needs the hassle of wires?

The Sphere™ Wireless Lighting Control System is the way of the future, allowing you to control the lighting of up to six individual zones. A simple pairing procedure allows for multiple switches to be programmed to each zone and vice versa.

1-Gang Wireless Switch

500-07200

The all new Sphere™ Wireless Lighting System easily installs on any flat surface and requires no drilling, wires or hassle!
